

DALILA GOMES
JEWELLERY

APRESENTAÇÃO

Formada em Arquitetura, Dalila Gomes introduz, através de um design depurado, novos temas no mundo da joalheria.

Desafiando os limites entre tradição e vanguarda, as suas criações nascem de uma forte experimentação e manipulação da matéria, tirando partido das características do metal para obter o efeito visual desejado.

As suas joias aliam a delicadeza minimalista ao rigor formal, valorizando a qualidade e a durabilidade como fatores primordiais na busca de um caminho sustentável e consciente.

Todas as jóias são feitas em ouro ou prata, totalmente manufaturadas no seu atelier no Porto, procurando reduzir ao máximo os recursos necessários à sua produção e o desperdício de matéria-prima.

Valoriza-se o simbolismo e o significado da joia em detrimento do excesso.
